

Channel Lake Burglars Take \$250 in Raids

The burglary of an A & W Root Beer Stand resulted in the loss of \$200 on or about Sept. 2. The Waukegan Sheriff's office stated that the burglars entered through a window screen. A knife had apparently been used, it was reported, as the screen had been cut open.

The time of the burglary was fixed at late Saturday night or early Sunday morning.

The residence of Mr. and Mrs. Edward C. Baumann, Rt. 3, was also burglarized of an estimated \$50. Mrs. Baumann believes the time of entry was sometime Saturday night, Sept. 2.

The Baumanns had gone visiting in Iowa over the weekend holidays. Discovery of the burglary was made by them upon their return home at 3:30 Sunday afternoon, Sept. 3.

Several bedroom drawers had been open and vases turned over in the search, Mrs. Baumann said. The burglars, it was later noticed, had entered through an attic window, leaving by the rear door.

Mrs. Baumann notified the Waukegan Sheriff's department immediately after the discovery. A Lake County investigator is expected to look into the matter this week.

Police Chief Walter Scott of Antioch reported that nothing of incident has occurred in the village over the weekend.

Scouts Plan Ambitious Winter Activities

The Lakeview Girl Scout Council in its Aug. 30 Camp Morrison meeting planned a series of activities for the coming winter season. The agenda includes a Car Rally which will take young people on heritage trails and clue hunts all over the county. An art display and contest, with winning pictures slated for exhibit at the Scouts' National Round-up in Vermont, 1962, is also projected.

High School girls desiring to join this program should contact the Girl Scout Office in Waukegan for information. Troops are located in Great Lakes, Libertyville, Waukegan, Wildwood, Round Lake, Antioch and Zion.

WTHS Tests for Sept. 9 in Technical Training

Admission tests for chemical, electronic and general engineering technician training program at Waukegan High School will be conducted at 9 a.m. Saturday, Sept. 9 in Room 330 of the WTHS East Campus.

The technician programs, which are taught in two evenings per week at the high school, are extended over four to six semesters. Most classes will begin about the middle of September.

"It is important that students take these tests and be enrolled as soon as possible," pointed out Albert O. Remde, chairman of the WTHS Trade and Industrial Education Department. "Students will be enrolled for the next classes according to the date of their test and their application."

The technician training programs are set up as a post high school program. "They help meet industry's need for well-trained technicians in chemistry, electronics and general engineering."

The National Defense Education Act of 1958 makes programs of this type available on a nationwide basis. The co-operative effort of WTHS and the Illinois State Board of Vocational Education makes it possible to offer the program at a fraction of its actual cost, Remde explained.

Hurt by Falling Branch At Beach Road Picnic

Mrs. Elinor Jullie was treated for minor cuts and bruises by the Antioch Rescue Squad Sunday, Sept. 4, in the picnic grounds area on the Beach Grove Road.

The accident occurred when a branch from a tree, under which Mrs. Jullie was sitting, fell.

Leaves for Okinawa

Marine Pfc. Ronald E. Yates, son of Mr. and Mrs. Earl Yates, 287 Bridgwood Drive, is now en route to Okinawa with the Third Battalion, Fifth Marine Regiment aboard the USS Breckenridge. The attack transport left August 16.

Yates will serve a 12-month tour of duty with the Third Marine Division.

MISS ILLINOIS

Miss Jacqueline Bingert of Winthrop Harbor, Miss Illinois of 1961, is pictured above. Miss Bingert will represent Illinois in the Miss America Pageant in Atlantic City, N. J. She was honored in ceremonies in the Zion-Benton area this week. A special reception at the Illinois Beach Lodge in the Illinois State Park was held Sept. 2, at 3 p.m., hosted by Village President Howard Breckenfeld, Winthrop Harbor and Mayor Theodore Ruesch of Zion. Following the reception a parade down Sheridan Rd. from the state park to the Illinois-Wisconsin state line was held. The motorcade then returned to the Zion-Benton Township High School where a huge banquet saluted Miss Illinois was held in the evening.

Student Council Urges Homecoming Support

Antioch High School will be pitted against Waukegan in its annual Homecoming, Oct. 6. Local merchants and townspeople are urged to take an active part in the parade. An open invitation for suggested Homecoming themes has been extended by the Student Council. Those wishing to suggest themes upon which the parade and celebration may be based should write or contact Mr. Harrison Brown in care of the high school.

Lions Club Meets to Confirm Officer Appointments

FOX LAKE—Lion Presidents and Secretaries of Lions International District 1 F met this evening, Sept. 6, at the Fox Lake Lions Club house. District 1 F is composed of 42 Lions Clubs located from Park Ridge to the Wisconsin Line in Lake and Cook Counties. Dinner and meeting arrangements are being provided by the Fox Lake Lions Ladies. This is an annual event for the Lions in this district marking the sixth time they have been guests of the Fox Lake Lions Club. Milton H. Tuttle, District Gov-

Schools Open For Local Children

Once more, amidst the doldrums of showering heat in early September, Antioch children find their way to school. By seven-thirty in the morning, they can be seen swiftly moving down Main street, their arms freshly loaded with the utensils of education, a few books from last year, a ream of paper, an unsoiled notebook with pointy pencils sticking out from its edges.

They meet sheepishly on the street, talk rapidly and then, with what seems to be an extreme agony of effort, slowly edge toward the ominous institution on the corner.

The days of cheery bells ringing through a countryside of quiet meadows and dew-laden glens when children toddled off sleepily to the "little red school house" are apparently gone forever, but the same feeling in the air of a new journey into bookland must certainly prevail in the minds of our children.

The first few hours in front of strange new people known as teachers is usually spent in getting acquainted with fellow students. For the instructor it is, perhaps, like breaking in a herd of buffaloes. Nevertheless, with social familiarities established, it becomes easier to instruct, the tensions of not-knowing anyone gradually vanishing.

There is, undoubtedly, a great deal of shuffling feet, furtive glances toward windows where the summer day languishes invitingly. But that is all gone now. Now is the time for attentive study, for application to the "rules."

For children, returning to school may mean uncertain fears of drudgery and pesky work. For teachers, it may mean incessant instruction with few reliefs, but for mothers, it means a breathing spell in which to collect one's thoughts, sit down and contemplate with amazement where all the noise went.

Sent to Fort Riley, Kansas

Mr. and Mrs. Russell Homan of Tiffany Road received word from their son, John Russell, that he has been transferred from Fort Leonard, Wood, Mo., to Fort Riley, Kansas.

Record Enrollment

A record of 767 students enrolled at Antioch Township High School this week. This compares to 330 in 1951-52. Of this total, 264 are freshmen. Enrollment by classes: seniors—137; juniors—179; sophomores—207.

Rainbow Order Shines Monday

The Antioch Assembly, Order of Rainbow for Girls, will meet at 7 p.m. Monday, Sept. 11, at the Masonic Temple.

Harriet Wells and her committee will be in charge of refreshments. Jane Lassen will preside as Worthy Advisor for the evening, due to the absence of Sharon Langbein, who has left for college.

Janice Truelsen will be initiated into the order. There will also be election of officers.

Monday evening, Mrs. Martha Hunter, Mrs. Jeanette Brown and Mrs. Wilma Gibbs accompanied Dee Stillson, Nancy Kufalk, Harriet Wells, Joan Wagner and Patricia Brown to the Official Visit of the Grand Worthy Advisor, Sharon Kay Walsh, at the Bensenville Assembly.

A public installation of officers of the Antioch Assembly will be held at 7:30 p.m. Friday, Sept. 15, in Wesley Hall of the Antioch Methodist Church.

Jane Lassen will be installed as Worthy Advisor with the following officers, elected: Patricia Brown, Worthy Associate Advisor; Harriet Wells, Charity; and Lynn Ott, Hope.

Lions Club Meets In Informal Golf Match

The first September gathering of the Lions Club in Antioch is scheduled for Wednesday, Sept. 13, at which time an informal golf tournament will take place. The event takes place in the afternoon at the Red Barn Country Club, Twin Lakes, Wis. Dinner will be served at 7:30 and each member has been asked to bring a gift as part of the fee.

Public Hearing Draws No Local Interest

The public hearing of Aug. 30, concerning the High School Budget drew no participants. The public is entitled to witness the Budget at an hour's hearing, but "no one came," stated Principal A. L. Dittman. "Although I wish they would have," he added enthusiastically.

Adoption of the Budget will not be assured until Sept. 8, and is still subject to revision.

Building Permit Wavered At Village Board Meeting

The monthly Village Board meeting, presided over by President Cunningham, was held Tuesday, Sept. 6, at 7:30 p.m. Present were Herman Holbek, Trustee; David Nissen, Trustee; Ray Toft, Trustee; Ernest Glenn, Trustee; Roger Williams, Trustee; Ed Vos, Trustee; Clarence B. Shultis, Clerk; Mrs. Martha Hunter, Treasurer; Edward C. Jacobs, Attorney; David Miller, Engineering; Edgar Simonsen, Supt. of Public Works.

The reading of the treasurer's statement revealed an amount of \$56,177.63 as the working cash of the village. \$15,000 in taxes have been received up-to-date. It was further related. Taxes amounting to \$6000 are expected on or about the first of the year. "The Village, which works on a cash basis, is one of the few villages in the state that operates in the black," said Mrs. Hunter.

The first consideration coming before the Board Tuesday night was the granting of a Building Permit to the Engle Construction Co., Inc., currently doing leveling work on the new addition of Antioch High School. Mr. Vernon Wright of Engle, Inc., inquired into the necessities concerned with obtaining the permit. President Cunningham stated that "this should have been brought up before." In turn Wright admitted laxity of application and stated a desire to "clarify the situa-

tion and abide by the Board's ruling in the matter."

Architectural plans of the High School's addition were then screened by the Board. Since the application for permit did not include plumbing, lighting and electrical sub-contractors also working on the addition, the permit would receive a waiver until such time as all contractors concerned applied. A general permit would then be issued, the Board decided.

Next Mr. Joseph Casella, 40, of Antioch filed for a tavern license. Casella began operating Bud's Tavern, 898 Main St., Friday, Sept. 1. The Board authorized a transfer of the present license to be effective until April 30, 1962. The tavern's name will be changed to Casey's.

Engineer Dave Miller stated that the Board of Health had objected to not having 1,250,000 gal. cap. in the water pumps. He proposed an increase of 50 per cent in one set of pumps and 100 per cent in another. Present capacity is at 40,000. Mr. Miller also proposed that all downspouts leading to sanitary sewers be disconnected at a cost of \$900. Miller's plans remained to be approved by the Board at a later date.

Cunningham went on to state that H. & B Manufacturing Co. of Waukegan, makers of nuts and bolts, is negotiating the purchase of property in the industrial acreage of block A. 250 x 250 feet of frontage is the size of the property involved, at an estimated cost of \$6000. Cunningham stated that since street acreage will be short next year the amount of this purchase should provide a fund to be applied toward blacktopping streets in need of repair.

The police report before the Board announced that \$191.00 in fines had been issued with operation costs at \$45 for the month.

A letter of congratulations is to be sent to the High School for its meritorious band activities at the state fair showing, the Board voted.

In conclusion, Cunningham requested a special meeting sometime this month to discuss salaries of the Police Dept. The meeting adjourned at 9:50 p.m.

Mayme Ham Dies, Funeral Tuesday

Services for Mrs. Mayme Ham, 72, of Channel Lake, were held by Rev. Edmond Hood at the Strang Funeral Home, 10:30 a.m., Tuesday, Sept. 5. Mrs. Ham died Friday, Sept. 1, in the home of her daughter, Mrs. Mary DeStefano, 22 Prospect Ave., Channel Lake, after a two-year illness.

Born in Boone, Ia., 1889, Mrs. Ham moved to Chicago in 1913 where she lived until 1940 when she settled in Antioch. She was a member of the St. Ignatius Ladies Auxiliary.

Her death was preceded by that of her husband, Edward O. Ham, July 15, 1960.

Surviving Mrs. Ham, in addition to Mrs. DeStefano, are two grandchildren.

Boy Hit by Moving Car Abrasions Inflicted

Rusty Camillo, 15, of Antioch ran in front of a moving car, driven by Teresa E. Jerzakowicz, 32, Rt. 2, yesterday morning, Sept. 6, at 10 a.m. Camillo suffered a bad abrasion of the right ankle requiring five stitches. The treatment was administered by Dr. Stein at Dr. Berke's Clinic.

The accident happened in front of Reeves Drug Store as Camillo was returning home from Antioch High School where he is a student.

Junior Bowlers Sign For Fall Activities

Registration for young bowlers for the fall season will be held on the next two Saturdays. The junior bowlers, ages 13 through 16, will register at 10:30 a.m. on Sept. 9, and the Bantams, ages 9 through 12, will register Sept. 16 at 12:30 p.m.

On Sept. 16, at 1:30, there will be a special attraction for all the young people and any interested adults. A movie, titled "Young America Bowls," will be shown.

High School Adds 8 Teachers for Fall

The fall staff at Antioch Township High School is complete and ready for classroom action.

Here's a rundown on the new teachers:

Miss Ruth Nickelson, English, Miss Nickelson, former teacher here, returns after obtaining her master's from Northwestern U.

Diane Busch, librarian: Miss Busch is a graduate of Sullivan, (Mo.) High School and received her degree from William Jewell College, Liberty, Mo. She has done library science work at the U. of Missouri. She replaces Mrs. Elsa Tyndall, and will live at the home of Mrs. L. V. Sitter on Victoria St.

Herb W. Gerth, drafting and electricity: Gerth, from Bloomington, received his bachelor degree from Illinois State Normal U. this summer. Mr. and Mrs. Gerth and their three small children will reside at 117 Bluff Dr.

Philip Glatz, mathematics: Glatz is a graduate of Northern Illinois U., this summer. He is a native of Havana, Ill.

Nicholas Ross, German: received degree this summer from Northern Illinois U. A Chicagoan, Ross will live at Little Silver Lake.

Mrs. Betty Scott, Spanish: Mrs.

Scott attended the U. of Oklahoma and Lake Forest College, where she received her degree this year. She will live in Lake Bluff with her husband, educational adviser of the 9th Naval District, Great Lakes.

Della Tronchuk, English and vocal: Miss Tronchuk has three years of vocal direction experience, and received her degree from Mt. Mary College, Milwaukee. She will reside at 341 Harden St.

EDITORIAL

Tax and Spend, Spend and Tax

Facts can be dry and dull, but never when they pertain to the pocketbook. That's why we feel these facts to be both lively and enlightening. And we quote from Tax Facts, publication of the Taxpayer's Federation of Illinois:

"During the past 10 years Illinois taxpayers have experienced a growth in state and local taxes which has far exceeded the rise in personal income and the rise in the price consumers index.

"Illinois state and local taxes have increased 130% in the 10 years since 1950 — from \$887,467,132 to \$2,043,107,350 (1950 local taxes \$566,542,132, state taxes \$320,925,000, to a \$887,467,132; 1960 local taxes \$1,206,735,350, state taxes \$863,372,000, total \$2,043,107,350).

"During the same 10-year period, the population of Illinois increased from 8,712,176 to 10,081,158, or 16%.

"The per capita burden of state and local taxes increased from \$102 to \$203, or 99%, while per capita income increased 43% (\$1820 to \$2610) and the consumers price index rose 24%, from 102.8 in 1950 to 127.5 in 1960."

Now about that state income tax . . .

A Very Neal Wrap-up

A west coast newspaper published a letter recently defining newspapers that we feel is worthy of passing along. It was written in a letter to the editor by a six-year-old named Diana:

"Newspapers. We need them so we can know who reks and who drowns and who shoots somebody. And who wants a house or who dies or gets a baby. It tells if your dog is lost. They are good on shelves and make bond fires. They also do good under a baby's plate and to keep dogs offa things. You can wrap potato peelings in them. You can put one when you defrost. They tell about shows and about how much things are."

To which the editor replied: "P.S. Diana, they are also good to swat things with, like flies and public officials and things."

Amen, Diana. You have defined it almost too well.

Two Hurt In Boat Crash

A mother and her six-year-old daughter were injured Aug. 28, in one of two boat crack-ups over the weekend.

Injured when two boats collided and sank in Lake Marie were Mrs. Joyce Kresin, 29, of Wheaton, and her daughter, Debra. They were released Sunday from Victory Memorial Hospital after observation.

They were riding in a 16-foot boat piloted by Kresin when it crashed into a 22-foot inboard cabin cruiser piloted by Henry Pape, Jr., of Grayslake. Both boats sank immediately in about five feet of water. The Kresin craft was reported traveling at a high rate of speed.

About 1:30 a.m. Aug. 27, a high-powered inboard boat smashed two piers on the Fox River. The sheriff's water patrol said the craft smashed a wooden pier, sailed over it, missed a second pier, and rammed a third made of iron. Both piers were demolished.

The patrol searched all boat basins and was unable to find the craft responsible.

Beware of half truths. You may have the wrong half.—Telegram, Worcester, Mass.

50 Donors Swell Rescue Fund Drive

Donations from 50 more sources have pushed the Antioch Rescue Fund's fund drive higher, according to Loren D. Sexauer, committee chairman of the drive.

Latest donors are: (from Antioch unless otherwise designated)

Robert Plechaty, Elmer A. Davis, Howard R. Pannier, Alice E. Smith, Mrs. Albert Warner, Leeman L. Reeder, Rev. A. J. Henderson, Richard Cerk, Russell E. Lasco, P. J. Kohl, Mr. and Mrs. W. Maleck, Vivian Belzer, Mrs. A. C. Bywell, Joseph G. Sauers, Ragnar Axelsson, Harry F. Chaveriat, Gloria Carrick.

Also Robert J. LaParr, Ed. Sorenson, Peter Lewandowski, Mrs. F. G. Thies, Adeline Schwartz, Donald O. Purdy, Robert J. Belter, William Knourek, Stan-Sons-Service, Helen Herman, J. Fred Gill, Mr. and Mrs. Earl C. Pittman.

Also Nick Palm, Carl Karrasch, Matthew P. Nolan, Hazel V. Nelson, Frank A. Muller, Jr., C. A. Schultz, Helen G. Hassett, C. W. Pflager, Maxine Augsburg, Jean Ferris, Ted C. Larson, C. B. Olson, A. W. Hudson, W. E. and Robbie McCormick, Oren and Irma Hostettler, Mr. and Mrs. O. R. Kresse, (in memory of Mrs. Ellen C. Loven).

Also E. H. Hartnell and Rancho Restaurant & Sweet Shop, both of Salem, Wis., and Carl Jensen, Venetian Village, Lake Villa.

Contributions should be made payable to the Lions Club Rescue Squad Fund. Officers are Edwin J. Stetten, secretary-treasurer of the fund, and board members William E. Brook, Edward Kugle, E. Elmer Brook and Dudley Kennedy.

Let There Be Light

A meeting was being held at the church-house in a small rural community to consider the purchase of a chandelier. Midway of the proceedings, an old fellow in the back row stood up and announced himself "agin" it.

"In the first place," he said, "we can't none of us spell it."

"In the second place, we can't none of us play it."

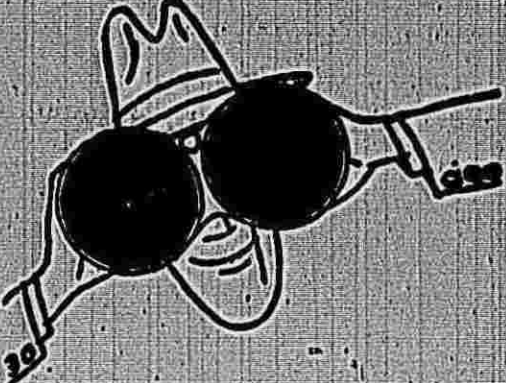

"And in the third place, we need some new light fixtures a lot worse than we need a chandelier!"

The Antioch News

Page of Opinion

Someone Blew the Whistle

We welcomed last spring what appeared to be an officially sponsored, concerted drive on the part of our elected leaders to acquaint the great unwashed with a bit of propaganda in favor of democracy as opposed to communism.

This was a welcome change and we followed with interest the showings of "Operation Abolition," the appearance of several Navy teams who knew the mechanics of communism and were not bashful about presenting same to the public.

We even welcomed the appearance of anti-communistic material in certain phases of the educational program of various Army units, realizing, of course, that the Army and its leaders must always be subject to our inherent belief that the military have no place in politics.

Yes, we were encouraged by the increased interest in communism and its many facets of operation. Then suddenly this ceased as if someone on high had pulled the chain.

"Operation Abolition" was an amateurish production, badly edited and ill-conceived; an Army general in Germany was virtually sacked because of his extreme rightist views in presenting the dangers of communism to his troops. The Navy group was forbidden to make appearances on anti-communistic platforms even though members of the team had volunteered and were mainly confining their efforts to off-duty hours.

The Navy pulled its official band off a program which had an anti-communist taint. Said the band's appearance might offend a foreign power.

All of a sudden it's not too popular to be extremely pro-American enough to damn communism and its surrounding slime.

Now, comes the light . . . in the form of a military intelligence expert who testified last month before Senate investigators.

The testimony of Edward Hunter, American intelligence agent in World War II and author of books about communist methods in physiological warfare, puts the whole affair into proper perspective and highlights the professionalism of Russian propaganda techniques . . . and they do make us look like a bunch of rank amateurs.

Seems the Russians are becoming worried about the anti-communistic publicity making the rounds in this country, says Hunter. They figure an alert free man, wise to methods of the communistic filth, isn't fertile breeding ground for communistic indoctrination.

Hunter testified before the Senate committee that a Red manifesto, issued in Moscow last Dec. 5, outlined a new psychological warfare strategy which, for the first time in communist annals, recognized the danger of grass-roots anti-communist activities in the United States.

These activities were symbolized by educational and training courses designed to teach American troops and the public how to recognize Red propaganda. This Moscow directive initiated a current drive against "right wing" United States military officers, according to Hunter.

Whether or not this Russian drive to play down anti-communism indoctrination in this country is successful, we leave up to others to decide.

Is it just coincidence that earlier this summer J. W. Fulbright (D. Ark.), chairman of the Senate foreign relations committee, submitted a private memorandum to President Kennedy and Secretary of Defense Robert S. McNamara on the danger of anti-communist seminars under military sponsorship?

Is it a coincidence that there seems to be a virtual muzzle on anti-communist education in this country where but a few short months ago citizens were clamoring for movies on communism and experts on the subject to appear in public forum?

Can it be that our officialdom is so naive as to fall for the Russian propaganda campaign which originated last Dec. 5 in Moscow?

Mrs. Edward P. Cocklan is a soft-spoken, mild-mannered lady. Mrs. Cocklan is normally at peace with the world and all therein.

That was last week. This week Mrs. Cocklan declared war on James Runyard, township road commissioner, and others connected with the local roads program.

Mrs. Cocklan lives on an 80-acre farm near Wilmot with her husband, Edward, a Chicago attorney, and her four children—Patricia, 19, Peter, 14, and twins, Mary Eileen

and Edward Patrick, Jr., both 8. And she has a problem.

The Cocklan farm is located on Old Tower road immediately across from the now abandoned TV relay tower adjoining Gander Mountain. The Cocklans have owned the farm for 11 years.

Formerly summer residents only, they fell in love with the place several years ago, and now live there permanently where Edward, Sr., breeds horses during off-hours from his duties as an attorney with a Chicago insurance firm.

There's only one drawback. The dirt and dust are awful.

The road which runs in front of the farm is paved to about 100 yards south of the house. A stretch of about 50 yards in front of the house is not. The paving resumes further north.

When the thousands of cars visiting the Wilmet Speedway and Gander Mountain area speed by, the house looks and smells like the interior of a cement plant. The dust settles thick everywhere and filters in through closed windows which have been further sealed with masking tape.

"It's impossible to have any windows open or to even sit outside any Saturday and Sunday because the dust is so thick," exclaims Mrs. Cocklan.

We checked the area, raced our aging coupe up and down the gravel road several times, climbed the 150-foot TV tower and observed the plumes of drifting dust caused by passing motorists.

According to Mrs. Cocklan, she has contacted Commissioner Runyard over the past few months and was promised action as early as last June.

Commissioner Runyard in an over-the-phone interview replied that Mrs. Cocklan's problem "is a little one and hard to get to." He explained that a hill nearby the Cocklan's farm posed a danger problem and had been leveled in Spring, thus causing the condition of the road.

"The dust will be gone," he added. The job of laying in a penetration asphalt surface would be completed this week, Runyard said.

So, apparently, Mrs. Cocklan has won her war and can now resume breathing.

Today, Illinois spends hundreds of millions of dollars in public assistance and unemployment compensation. As we become aware of this fact so have we become aware that government must assume leadership in helping to develop our economy if it is going to continue to expand. For that matter, if we are to have a sound economic climate, then business, labor, and government must contribute toward making this climate possible.

Many of you know of the plight of the distressed counties in the southern area of our state where industry cannot support the workers. In some of these counties, as much as 20 percent of the employables are on the general assistance rolls. To offset this problem, we must find new (or relocate) industry; educate (and in many instances, re-educate) and prepare our jobless citizens for positions in today's complex world.

That is why I recommend legislation creating a Board of Economic Development to replace the Old Division of Industrial Planning and Development which had been tucked away for years in the Department of Registration and Education and which had only very limited powers. The members of the General Assembly passed this legislation. I believe it will result

in long-range development and higher economic standards of the State of Illinois.

The Board of Economic Development will provide technical knowledge to assist communities throughout our state. The board will help to correlate economic expansion and to reinforce the image of Illinois as one of the greatest industrial and agricultural states in the nation.

It will help to establish new industries, promote and develop water resources for power, conservation and recreation. Thus Illinois will gain in the creation of new jobs and a healthier economic climate.

No longer can we approach our economic future in a haphazard fashion. We must plan for the future today taking cognizance of the needs of our people and preparing now for the generations to follow. Without this preparation, it is possible that the time could come when Illinois would be unable to meet its obligations to its citizens. This was one of the fundamental reasons for the creation of the Board of Economic Development.

In subsequent reports, I will describe the powers and duties of this board and tell in more detail how I think it will be of benefit to your community.

Best wishes.

Otto Kerner

Agency Quizzes Unemployed to Find Aptitudes

More than 600 unemployed workers in Lake County have filled questionnaires for a statewide survey to determine occupational characteristics of those trying to find permanent, full-time jobs.

The Lake County office of the Illinois State Employment Service and division of Unemployment compensation joined other state offices in launching the county-by-county survey.

The survey is headed by Gov. Otto Kerner's Committee on Unemployment, composed of 37 members representing industry, labor, government, civic and educational groups.

The committee and the Department of Labor will use the findings to plan programs to alleviate unemployment.

Results also will be used to plan

ways to train workers in new occupational skills needed by industry and to re-train workers whose skills have become obsolete through automation.

When the survey is completed Sept. 1, statistics will present industry with a detailed picture of the composition of the labor force available in each area.

The Lake County office of the State Employment Service at 150 S. Genesee St., Waukegan, urges all workers seeking jobs to fill in the questionnaires at the office.

Trains at Great Lakes

Roger T. Stankus, son of Mr. and Mrs. Martin Stankus of Route 3, is undergoing nine weeks recruit training at the Naval Center, Great Lakes, Ill.

Stankus began his training on August 11. He will receive instruction in seamanship, ordnance, damage control and fire fighting.

Versatile Field Booked by Road America for September 9-10 Events

ELKHART LAKE, Wis. — The most varied program of racing ever held here at Road America will be staged the weekend of Sept. 9-10 when seven races and fully 700 miles of competition are run off. In action will be every conceivable kind of machine: both Big Iron and the smaller modified sports cars, production sports cars of all calibers, the racing-only Formula Juniors, and — as a special piece de resistance — even the "big" Formula One cars of European Grand Prix fame. Never has so versatile a field of cars ever been

assembled for a Road America racing weekend. The Formula One cars will be making their competitive debut at Road America in a special race to complete the Saturday program — a race of either five or 10 laps (20 or 40 miles) contingent upon the number of entries received in this most glamorous of all racing classes. A Formula car, a Cooper Climax, made a number of trial runs here in June with Texan Hap Sharp at the wheel, turning lap times of better than 92 miles an hour without being pushed.

Sunday's headliner will be the fifth running of the classic Road America "500," slated for a 10:30 start. For modified cars of classes A-B-C-D-E-F-G and scheduled for 125 laps, it will be the only race of the day — and of longer than six hours' duration.

The Saturday schedule calls for a 12 o'clock start (after two hours of practice beginning at 9 a.m.) with six races in this order:

First race — cars G and H production, 10 laps (40 miles); Second race — F production and H modified, 10 laps (40 miles); Third race — D and E production, 15 laps (60 miles); Fourth race — Formula Junior, 10 laps (40 miles); Fifth race — B and C production, 15 laps (60 miles); Sixth race — Formula One, 5 or 10 laps depending on entries.

Social Security Law Boosts Retired and Widows Income

Two groups of Social Security beneficiaries will receive benefit increases in their monthly checks which arrive early in September. The minimum monthly benefit for a retired or disabled worker or a sole survivor has been raised from \$33 to \$40. Workers who apply for reduced benefits before they are age 65 may still receive less than \$40.

Widows who get Social Security from their husband's account will receive a ten per cent increase in

their monthly check.

Both of these increases will be made automatically. It is not necessary to apply for it.

The 1961 Amendment did not provide a general raise in benefits to all beneficiaries.

If you want to know how your girl will treat you after marriage, just listen to her talking to her little brother. —Daily Republic, Mitchell, S. D.

ROCK AND ROLL

"Will you please stop rolling that trash can down the hill, Jimmy," called the mother of her five-year-old. "Put it back where it belongs." "Aw, gee, Mommy, I'm only playing a game with the baby."

"Good heavens," cried the woman, glancing at the empty playpen, "where is she?"

"Oh, she's all right, Mommy. She is in the can."

A new method of reducing loss of life-giving irrigation water on drought-stricken western farmlands has been tried out near Rock Springs, Wyo., with encouraging results. A subsidiary of Standard Oil Company of California has developed a high-performance, petroleum-based emulsion which seals the bottom and sides of irrigation canals and ditches against water losses through seepage.

Mr. and Mrs. Herman Frank, Mr. and Mrs. Donald Wienke and sons of Bristol, Miss Madeline Friedhoff, Kenosha, and Mrs. Warner spent Labor Day with the Richard Franks of Salem.

(Written for last week)

WILMOT, Wis.—Mr. and Mrs.

Lindenhurst News

By Mrs. Bernice Bernas
Ellet 6-5449

LINDENHURST—The Woman's Auxiliary of Venetian Village is sponsoring a Salad Bar Luncheon and Card Party Tuesday, Sept. 12 at the Venetian Village Civic Hall. Mrs. Irene Rowe is chairman. Helping her are Mesdames Pearl Lewis, Joyce Dostica and Pat Helwig. Serving will start at noon. There is a charge. Games and attendance prizes will be awarded.

Johnny Kleffner, 9, 200 Beck road, was operated on recently for rupture at Victory Memorial Hospital. He was released three days later and is getting along fine.

Nurses mentioned the shortage of new toys for the hospital patients. If you have any new toys that your children don't care for, perhaps you would like to donate them to the hospital.

Barbara and Joyce Guzski, twins, 2110 East Old Elm Road, had a party recently to celebrate their eighth birthday. Their guests were Gary and Billy Rohrer, Mike Monk, Ruthie Ireland and Carol Hansen.

The "Wood-chicks" had a surprise baby shower on Joyce Maloney of Thornwood. Drive at Jeannette Pfeifer's home on Thornwood Drive at their last meeting. Joyce received nightgowns, slippers, and a robe, as well as gifts for the baby.

After games were played, refreshments of a decorated cake from Slove's and punch were served.

Girl Scouts of Lake View Council, Frances Willett, Maplewood Drive, and Linnea Christensen, Janice Miklausch and Judy Miller, all of Hazelwood Drive, were presented with staff aid pins by Col. A. A. Pursall (ret), chairman of the Lake County Chapter of the American Red Cross. The girls worked twice a week for six weeks, an hour each time. They stamped pamphlets, typed swimming cards for the navy and varied office work.

Chief of Lindenhurst Police, War-

Andrew Beath and son, John, of Washington, D. C., called on Mrs. Paul Ganzlin, Tuesday.

Mrs. Herman Frank and Mrs. Dan Fleming called on Mrs. Clifford Hanson, Mr. and Mrs. John Hasselman, in Kenosha, Wednesday afternoon.

Mr. and Mrs. Paul Breusch, Sr., Paul Breusch III, Chicago, and Mr. and Mrs. Walter Gilpin, Antioch, spent Tuesday evening with Mr. and Mrs. Frank Zarnstorff, Sr. The Breusches remained the rest of the week.

Mr. and Mrs. Art Seitz, Redlands, Calif., were Wednesday dinner guests of Mrs. Paul Ganzlin.

Mr. and Mrs. Virgil Wienke, Shirley, Marie and Jim, and Mr. and Mrs. Herman Frank spent Saturday evening with Mr. and Mrs. Marcus Wienke, to celebrate Brian Wienke's birthday.

Mr. and Mrs. Lyman Larson, of Strum, Wis., Mr. and Mrs. Howard Ayres, Augusta, Wis., Mrs. Herman Etten, Sherry and Cammie, McHenry, were Friday dinner guests of Mr. and Mrs. Harvey Brown.

Harold Elverman and Keith spent Thursday evening with Mrs. Elsie Elverman.

Mr. and Mrs. Raymond Hirschmiller and family, Mr. and Mrs. Floyd Gyger, Jr., and family, Mrs. Carla St. John and family, Poplar Grove, Ill., Ted Palmer, Valmar, celebrated Leroy Gyger's birthday on Wednesday evening.

Mr. and Mrs. Harvey Brown spent Saturday evening at the home of Mr. and Mrs. Herman Etten, McHenry.

Mr. and Mrs. Herman Frank called on Mr. and Mrs. Lyle Mecklenburg, Sunday evening.

Mr. and Mrs. Walter Frank, Mr. and Mrs. Louis Gandt, Sr., Mr. and Mrs. Elmer Greenwald, and Russell Gandt spent a week at Gandt's cottage at Middle Kenzie.

Stanley Brown, Patty and Danny, McHenry, Mr. and Mrs. Ralph Brown and family, Kenosha, Mrs. Floyd Gyger, Jr., and family were Sunday evening visitors of Mr. and Mrs. Harvey Brown.

Mr. and Mrs. Art Kelchauer spent Monday at Old Orchard.

Mr. and Mrs. Carter McManus and family visited Santa Claus Village in Dundee Monday.

The Rev. and Mrs. Curvin Brenemann, Mrs. Anna Guptill, Genoa City, Mr. and Mrs. Guy Johnson, Kenosha, Mrs. Vida Sheen, Silver Lake, were recent guests of Mr. and Mrs. George Higgins.

Mr. and Mrs. Robert Robinson and family and John Tindall vacationed at Connors Lake and Devils Lake the past week.

Mrs. Don Jones celebrated her birthday last Saturday.

Mr. and Mrs. George Higgins attended the Lindvig-Peterson wedding, Saturday at Genoa City.

Mr. and Mrs. Arthur Rowe, Winter Park, Fla., were Thursday dinner guests of Mr. and Mrs. George Higgins.

Mr. and Mrs. Martin Frieberg and sons, Gregg and Steven, Sorocco, N. M., Mrs. Schooley, Janesville, were Friday visitors of Mr. and Mrs. Frank Kruckman.

Mrs. Harold Boulden, Burlington, Steven Boulden, Balboa, Calif., Mrs. Robert Boulden, Randy and Barbara, Bohners Lake, spent Saturday evening with Mrs. Paul Ganzlin.

Urge Kenosha Free Library

A special Kenosha Library Committee has recommended that facilities of the Gilbert M. Simmons Library in Kenosha, Wis., be made available free to all residents of the county.

At present the library, the only public one in the county, charges

out-of-town residents for its services.

The committee found that county residents in outlying areas use the Antioch public library, and libraries in Burlington and Lake Geneva, despite the fact that these institutions also charge fees to non-residents.

The Kenosha County board will be asked to help pay subistence for the library, so that all county residents may use it without cost.

ren Frontzak, 2425 Sand Lake Road, his wife Bernice and their two sons, Bruce and Wayne, took a short vacation and went to visit Bernice's cousin, Orlan Bahn and his family, in Monticello, Wis. The Bahns live on a farm and the Frontzaks enjoyed being farmers for a few days.

Helping milk cows, even with a milking machine, was fun for the "city-dwellers." Warren's brother George and his family accompanied them. The boys went hunting and shot a few squirrels, but Warren did mostly target shooting. Let's hope he never has to use his revolver, except for practice.

The Lindenhurst Men's Club will meet Thursday evening, Sept. 7, at the Lindenhurst Civic Center at 8 p.m. All the fathers and sons of the village are invited to attend, even though they are not members of the club. Planned for the boys are movies, perhaps a clown to entertain, and best of all, hot dogs and soda pop.

Even though the Center isn't completed, the men meet there every month. The finishing touches are being completed daily. A rummage sale is planned there for the 18th, with a dance dedication in the evening and the 30th, the Luau.

The Lindenhurst Garden Club will meet at the Hooper School, Monday, Sept. 11, at 8 p.m. Anyone interested in joining is invited to attend. If you need transportation, call Zelma Bechtol, president, or Lois Peterson and arrangements will be made.

Mr. and Mrs. Harold (Alyce) Buerster, 2228 East Ridgeland Drive, welcomed their second daughter and third child at Victory Memorial Hospital, August 22. Cynthia Sue weighed 7 pounds 4 ounces at birth.

The Buersters' other children are John Scott, 4, and Deborah Ann, 2. The proud grandparents are Mrs. C. Buerster and Mr. E. Bachmann, both of Chicago.

Mrs. Buerster had major surgery soon after the baby was born.

Members of the Lake Villa VFW were handing out safety flags Thursday and Friday at Dalgard's and Piggly Wiggly to remind motorists to drive safely.

When you go on a summer picnic do you make up a hamper of sandwiches, load it into the baking hot trunk of your car, head for the beach, and finally haul out the hamper for dinner hours later? If so, you are flirting with food poisoning, says the American Medical Association. It advises that you take along the sandwich ingredients in their original wrappers and containers and make up your picnic meal on the spot, just before meal-time.

The committee found that county residents in outlying areas use the Antioch public library, and libraries in Burlington and Lake Geneva, despite the fact that these institutions also charge fees to non-residents.

The Kenosha County board will be asked to help pay subistence for the library, so that all county residents may use it without cost.

ren Frontzak, 2425 Sand Lake Road, his wife Bernice and their two sons, Bruce and Wayne, took a short vacation and went to visit Bernice's cousin, Orlan Bahn and his family, in Monticello, Wis. The Bahns live on a farm and the Frontzaks enjoyed being farmers for a few days.

Helping milk cows, even with a milking machine, was fun for the "city-dwellers." Warren's brother George and his family accompanied them. The boys went hunting and shot a few squirrels, but Warren did mostly target shooting. Let's hope he never has to use his revolver, except for practice.

The Lindenhurst Men's Club will meet Thursday evening, Sept. 7, at the Lindenhurst Civic Center at 8 p.m. All the fathers and sons of the village are invited to attend, even though they are not members of the club. Planned for the boys are movies, perhaps a clown to entertain, and best of all, hot dogs and soda pop.

Even though the Center isn't completed, the men meet there every month. The finishing touches are being completed daily. A rummage sale is planned there for the 18th, with a dance dedication in the evening and the 30th, the Luau.

FREE CONTEST FOR ALL BOYS 6 THRU 10

PARENTS! Register Your Boy

IN THE FORD DEALERS -- NATIONAL FOOTBALL LEAGUE

Punt, Pass & Kick Contest

It's Free! It's Fun! It's Easy to Enter!
Your boy can win wonderful prizes!

HERE'S WHAT THE PUNT, PASS & KICK CONTEST IS: It's a program presented by Ford Dealers in co-operation with the National Football League in the interest of youth and as a contribution to the nation's physical fitness program. Competition is divided into age groups, so your son will compete only against boys of his own age. In each age group, boys will compete in punting, passing and place-kicking. Points are based on accuracy as well as distance. There will be 70 regional winners and 5 national champions.

HERE ARE THE PRIZES: Prizes include official National Football League uniforms... official National Football League warm-up jackets... official National League footballs... expense-paid trips to the regional Punt, Pass & Kick play-offs... expense-paid trips to the NFL Championship Game and to the White House for father and son... and many more.

HERE'S HOW TO ENTER: It's simple. There is nothing to buy. Registration is open to any grade school boy through 10 when accompanied by father, mother or legal guardian. Simply take your son to any Ford Dealer displaying the official Punt, Pass & Kick emblem. The dealer will do the rest.

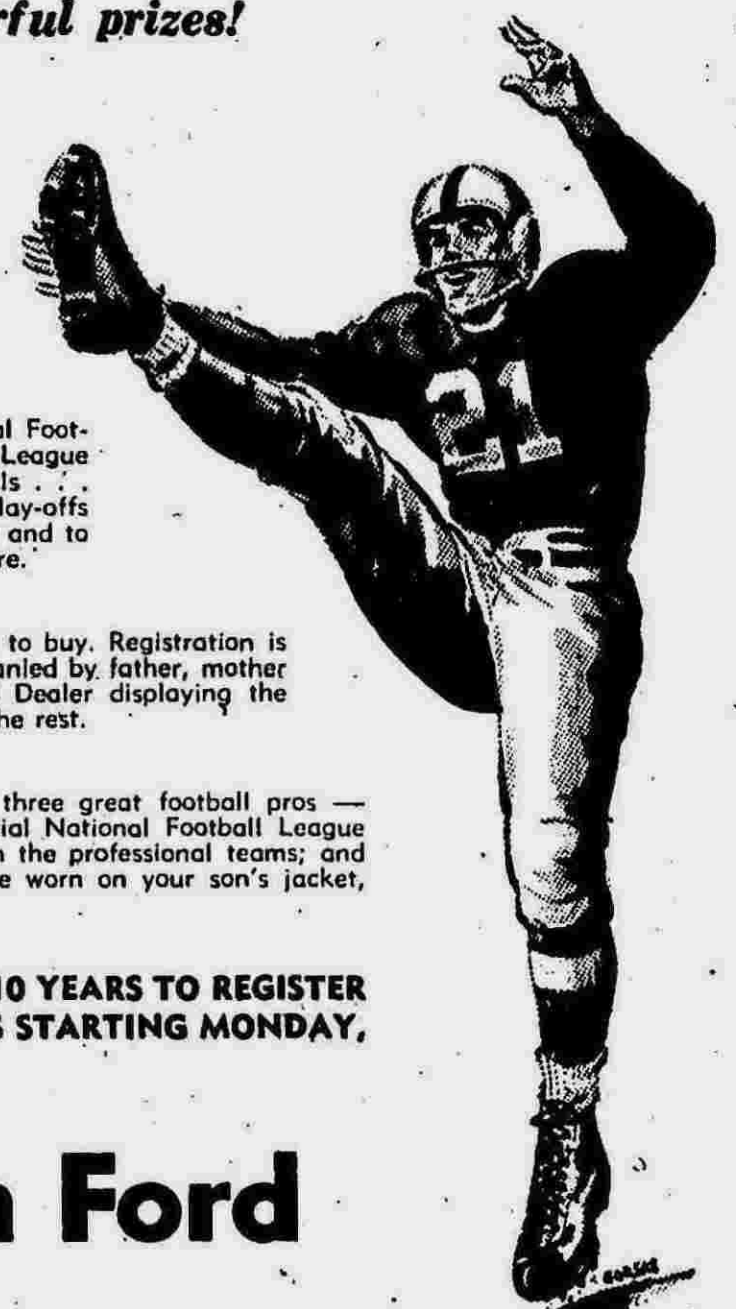

A Punt, Pass & Kick instruction booklet with tips by three great football pros — Johnny Unitas, Yale Lary and Paul Hornung; an official National Football League guide book packed with interesting facts and figures on the professional teams; and a handsome Punt, Pass & Kick participant badge to be worn on your son's jacket, shirt or sweater.

MOM! DAD! TAKE YOUR LADS 6 THRU 10 YEARS TO REGISTER AT YOUR PARTICIPATING FORD DEALER'S STARTING MONDAY, AUGUST 28.

Altar & Rosary Society Holds Monday Meeting

St. Peter's Altar and Rosary Society will hold the September membership meeting the 11th in the School Hall, following Rosary and Benediction in Church at 7:45 p.m. Members will be given a detailed report on the Summer activities.

August and September birthdays will be celebrated and a social hour will follow the business meeting. Hostesses for the evening will be Mrs. Norman Schreiber and Mrs. Matthew Nolan, Jr., co-chairmen of the Membership Committee. Helping them will be Mrs. George Sedivec, Mrs. Charles Geist and Mrs. Robert Gross.

Proud Parents of New 7-Pound, 5-Ounce Boy

Mr. and Mrs. M. David Cain of Highland Ave. are the parents of a son, Gregory Pierce, born Aug. 25, in Ravenswood Hospital, Chicago. He weighed seven pounds, five ounces at birth.

The Cains have another son, M. David, Jr. Paternal grandparents are Mr. and Mrs. M. C. Cain of Main St. and the maternal grandparents are Mr. and Mrs. H. P. Stinespring, Jr., of McHenry.

Moose Meet to Elect New Vice-President

A new-member initiation of the Antioch Moose Lodge took place last night, Sept. 6, at 8:30.

A Sunday afternoon district meeting of all Third District committees and lodges is slated for 2:30, Sept. 10, at Zion Moose Lodge. An election determining the Third District Vice-Presidency for the next term will be held. The present Vice-President is Henry S. Repp, Sr. Ladies are invited to attend this meeting.

St. Ignatius Starts Sunday School Period

The St. Ignatius Church School period begins Sunday, Sept. 10. Student registration is timed for 9:30 a.m. Cradle Roll through the 6th and 7th grades are included.

News of Trevor

By Mrs. Grace Miller
Trevor was well represented at the Walworth County Fair at Elkhorn on Sunday and Monday.

Mrs. Annie Smith, Kenosha, Wis., spent from Friday until Tuesday with the Charles Oettingers.

Mr. and Mrs. Harvey Nelson, Union Grove, Wis., were visitors at the Willis Sheen home on Tuesday. Mr. and Mrs. George Vincent were also visitors.

Lt. Commander S. U. Hubbard and family who are stationed at the Glenview Naval Air station, spent the Labor Day holiday with the Teresa Mattis family.

Mrs. Alvin Moran is a patient at the Kenosha hospital.

John Boettcher of Chippewa Falls was a guest of the Howard Schultz family from Wednesday to Friday.

Mrs. Blanche Ankley, Waukegan, Ill., and her sister, Mrs. Lula Stratton, Morris, Ill., called at the Willis Sheen home on Monday.

Mrs. Teresa Mattis spent Sunday with her sister, Mrs. Mary Adelman of Antioch.

Mr. and Mrs. Milton Patrick have returned from a trip around the Lake Superior region.

The Trevor graded school held registration for first graders on Friday and began the new term on Tuesday with a half-day session.

Spring Wedding

Elizabeth Catherine Pechousek

A Spring wedding is planned by Elizabeth Catherine Pechousek of Antioch and Robert Long Knourek of River Forest.

Miss Pechousek attended the Academy of the Sacred Heart, Lake Forest, and Duchesne College, Omaha, Neb.

Mr. Knourek is a graduate of Oak Park High School. He also attended Bradley University.

The couple's engagement is announced by her parents, Mr. and Mrs. Thomas Pechousek.

Wedding Planned For September

Rhoda Geraldine Whitlock

September wedding plans are being made by Rhoda Geraldine Whitlock and John Arthur Pregenzer, whose engagement has been announced.

Miss Whitlock and Pregenzer will exchange marriage vows September 9 in the Edythe R. White Memorial Chapel of the First Methodist Church in Fresno, Cal.

The bride-to-be, daughter of Mrs. Esther Hobbs Whitlock and S. B. Whitlock, was graduated from the Fresno High School and attended Fresno State College.

Pregenzer is a professional baseball player, currently under contract to the Fresno Giants. He is a graduate of the Illinois Wesleyan University and is a member of the Phi Gamma Delta Fraternity. His parents are Mr. and Mrs. Lewis R. Pregenzer of Antioch.

Included in the future newlyweds' plans is a wedding reception following the couple's return to Antioch, to be given by Mr. and Mrs. Lewis Pregenzer.

Newlyweds Honeymoon in Canada; At Home in Urbana September 15

St. Aloysius Church in Chicago was the setting Aug. 26 for the wedding of Susan Ryden, of Chicago, and Rudolph F. Dorner, of Lake Villa.

The bride is the daughter of Mr. and Mrs. Stanley W. Ryden, 3761 W. Berteau Ave., Chicago; the groom is the son of Mr. and Mrs. Rudolph Dorner of Lake Villa.

The bride, given in marriage by her father, chose for the ceremony a floor-length gown of peau de sole appliqued with Alencon lace, fashioned with sweetheart sleeves and scoop neckline trimmed with seed pearls. She wore a fingertip blusher veil and carried a bouquet of stephanotis.

Her attendants were Judith Bermeister, maid of honor, and the groom's sister, Pat Dorner, (as bridesmaid). Both wore emerald green peau de sole gowns with scoop

neck, cap sleeves and short gloves. Blusher veils and headpieces were secured with tiny bows. Both carried carnations.

The groom was attended by Thomas Adams as best man.

The ceremony was performed by the Rev. A. J. Hinterberger to the strains of Ave Maria.

The groom is a graduate of Antioch Township High School and will return this fall to the University of Illinois for his last year towards a degree in forestry. He is a member of Sigma Pi and Skull and Crescent.

Following the ceremony, guests attended a reception at the Jolly Club in Chicago, after which the newlyweds left for a honeymoon trip to Canada.

They will be at home Sept. 15 at 1114 Oregon, Urbana, Ill.

BUY THE PAINT THAT'S WORTH THE WORK...THE BEAUTY LASTS!

The Woman's World by Lady Pepperell

Weightless Warmth

The phrase "weightless warmth" has come into fashion with the new synthetic fibers. But it's difficult for a woman to believe her darlings will be warm under just one blanket.

Actually, weight has very little to do with warmth in man-made fibers. Warmth is a matter of construction and nap rather than heaviness.

The "fluff" of the blanket which keeps us warm, because air is trapped within the fibers. The loftier the blanket, the more air pockets it has.

Unfortunately, with all their wonderful features, synthetic fiber blankets were found to shed "pill" after washing, and lose their original good looks, bulk and warmth.

These problems were finally solved when Peppercell designed mill machinery to produce a lofty rayon blanket that wouldn't shed. The new blankets were given brush tests to insure non-shedding... wash tests to commercial laundries to determine how well the Nap-Guard stood up against other makes. It triumphed in all tests.

Add this to all the other fine features of synthetic blankets—warmth without weight, good colors, the fact that they are moth-proof and non-allergic—and you have today's best-mannered blanket at a price far below what women used to pay.

University of Illinois economists say that, from the viewpoint of a cattle feeder or other farmer, the present business outlook is better than it was a year ago. Last fall we were entering a mild recession. Now we are in what appears to be a mild recovery. It seems likely to hold up through most of 1962.

THIS WEEK'S

U of I MARKET BUY

Market readily absorbs larger livestock marketings at firm prices. Short work-week postpones retail price changes. Better buys continue in beef and poultry. Dramatic features in selected pork and lamb. Fresh fruit-vegetable markets price depressed from heavier supplies. Potatoes will be cheaper again. Onion prices falling.

Urge Residents To Keep Toes Out of Mower

Trimming toes or heels with a power lawn mower is an unnecessary hazard when trimming the lawn, according to Edward R. Klamm, accident prevention director of Allstate Insurance Companies. "Power mowers are normally safe to operate," he points out, "but accidents are far too common because operators are not using the mowers properly."

A recent California study shows injuries caused by power lawn mower accidents increased more than 40 per cent during a two-year period. Nearly half of all people disabled in these accidents were actively mowing the lawn when they were hurt, the report reveals. "One injury out of every six was suffered in lifting a mower, one in

eight resulted from trying to start the motor—either by using a crank or pulling the starter rope—and one in ten occurred when removing grease or foreign objects from the blades, or in taking off the grass catcher," he said.

He offered the following safety tips for power mower users:

1—Disconnect the sparkplug wire or electrical plug whenever you want to work on the underside of the mower as well as when you are refueling.

2—Thoroughly inspect the lawn before beginning to mow and clear it of all sticks, stones, wire, and other debris. A mower can throw them with deadly force a great distance.

3—Never fill the tank while the engine is hot or still running.

4—Tell children to stay away from the area being mowed. Be especially careful that they do not get in line with the grass discharge side of the mower.

5—Stop the motor whenever you leave the mower. (Children are

quick to try to operate an unattended mower.)

6—Learn to disengage the clutch or to stop the motor quickly in case of emergency.

7—Never allow youngsters or inexperienced persons to operate a power mower.

8—Never use a power mower barefoot. Protect your legs. Wear heavy shoes while mowing.

9—Cut grass on hills and banks sideways, not up and down.

10—Stand firmly behind the machine and stay in step with it. Don't run.

Do not use an electric power mower when grass is wet or when it is raining. Electric mowers should have the frame grounded through the cord.

12—Have your mower inspected thoroughly and kept in a good state of repair by an experienced serviceman at least once a year.

Another name for parents should be shock absorbers.—Globe-Free Press, Grand Junction, Iowa.

DO ALL CONTRACTS HAVE TO BE IN WRITING?

How many times have you heard someone say that a contract is not binding unless it is in writing, or unless a witness was present when it was made? Do you think this statement is true?

In Illinois, there are very definite laws dealing with this subject. Contracts dealing with certain matters are not enforceable in court if they are not written and signed by the parties involved, while other contracts need not be written, and are enforceable in court although made only orally. If you tell this to your friends, many of them will be surprised, and you can expect some of them to ask how an oral contract can be proven in court.

The answer is that the contracting parties take the witness stand, and testify under oath that the contract was made and what its terms were. Of course, it sometimes happens that the parties testify to different versions, and then it is up to the jury to decide which of the parties is testifying accurately. In such a case, the testimony of a witness who is not connected with the case is very valuable.

Three Types of Contracts

Just what contracts must be expressed in writing in order to be legally enforceable in Illinois? The three most familiar types of contracts which must be written, are the purchase of land, any promise which will take over a year to perform and a purchase of personal property for an amount above \$500.

As to contracts for the sale of land, not only must there be a written and signed deed for the conveyance of land, but there must be a written and signed contract of sale before an agreement to sell land can be enforced. So in every case of a transfer of land for value, two important written documents must be prepared and attended to.

The law requiring a written contract for the sale of land was first inspired by the desire to prevent frauds; today the law is even more desirable because of the number of problems created by zoning laws, recording statutes, and the frequency that property changes hands. These modern day conditions have made almost imperative the use of written contracts for land sales.

Contracts involving promises to do things beyond a period of one year from the time the contract was made are required to be in writing because of the danger that when the time for performance finally arrives, the parties might not be able to remember what the oral promise was. Further passage of time makes it more difficult to secure evidence that an oral contract was ever made.

Purchases Over \$500

The primary reason for requiring contracts for the purchase of personal property for an amount above \$500 to be in writing, is the determination by the Illinois legislature that a sum that great represents a matter of consequence to the average person. Contracts of such importance should be expressed in writing to avoid the uncertainties incident to spoken contracts.

Although these contracts cannot be enforced if they are not in writing, they are not void. The law has come to be that an oral contract, unenforceable when made, may become enforceable if the parties begin to perform under it. Of course, if both parties fully perform their part of the agreement, the contract is fulfilled and cannot be set aside.

It is always prudent to put a contract in writing if it concerns a matter of importance, or if its terms are complicated, even though the law does not require it to be written to be enforceable because the opportunities for fraud, perjury, and dispute over terms are considerably lessened.

This column is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law.

Plan Now What You Will Do in Case of an Auto Accident

As the number of automobile accidents increases year by year, it becomes increasingly important that each of us knows what to do in case of a mishap. The time immediately following an accident is crucial because those involved are often shocked and confused, and those injured require attention.

The party at fault in an auto accident may be subject to both a criminal charge and a civil action for money damages. Each of us, for his own protection and for the protection of the injured, should prepare in advance a considered plan of action to follow should he become involved in an emergency of this type.

Aid Injured First

The first thing to do after an automobile accident occurs is to stop and give aid to the injured. If the injury is serious, a doctor or ambulance should be called, or other arrangements made to transport

the injured person to a hospital. Meanwhile, he should be made comfortable.

If it is in nighttime, warning signals should be placed around any obstruction on the road. Waxed cardboard milk cartons will burn long and bright enough to serve this purpose until the police arrive.

Each person directly involved in the accident is required by law to remain at the scene of the accident until the injured are cared for, to give his name and address to the person injured or to the driver or occupants of the other car, and to exhibit his driver's license upon request.

Collect Information

Assume that you are the driver or occupant of a car directly involved in the accident. In order to preserve your rights, you should take the following steps as soon as possible after the accident. Write down the license plate number of all vehicles involved. If possible, ask the witnesses for a statement regarding the details of the accident and jot it down.

Diagram the scene and the position of the cars and persons involved. Make notes on conditions, such as: weather, traffic signals, time, and skid marks. Jot down your own recollection of how the accident occurred. These written notes may prove invaluable to you after the accident.

Since you are involved in the

accident, it usually will be to your benefit to make no statement whatever about it until you have had time to straighten out your thoughts and to consult your lawyer.

No statement is required by law either at the scene of the accident or at a police station. Admissions of fault hastily made may be regretted later or when your recollection sharpens or when the full facts become known to you.

Beware of solicitations from persons who "chase ambulances." Report any such advances to the local bar association.

Report of Accident

If the accident results in injury to any person or to property over \$100, the law requires that the driver of any vehicle involved file a written report of the accident on a form obtainable from the police. This report must be filed at a police station within 10 days after the accident. It is confidential and may be important in assuring you that the other driver posts sufficient security to pay for your losses.

Immediately notify your insurance company of the accident, in order to protect your right to collect under your insurance policy. Do not make or sign statements about the accident, or sign releases for money, until you have obtained competent legal advice. Remember that until you know and understand the full facts surrounding the accident and the extent of injuries suffered, no intelligent adjustment of claims can be made.

This column is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law.

Channel Lake News

By Mrs. Pearl Kapell
CHANNEL LAKE—"The Best yet" was the verdict of the approximately 100 people who attended the Court of Honor of Boy Scout Troop 86 at Little Orchard Farm on Saturday night, Sept. 3.

The Scouts and their leaders were all in Indian costumes. Rus Roepenack, particularly, looked so much like an Indian even his best friend would have had a hard time recognizing him.

Indian dances by the Scouts opened the ceremonies, with Mike Roepenack on the Indian drum. The campfire was lighted by Chief Running Elk (Scoutmaster Ray Atwood). Committeeman Russell Roepenack made a short speech of welcome and thanked the various people and organizations who have lent their support to the Scouts. A special vote of thanks was given to Helen Dowell of the Women's Auxiliary, for her faithful and continued work.

Awards made to the Scouts were: Second class badges—Mark McKinney, Dennis McCarthy, John Bjork and Craig Patterson; Merit badges—Charles Fox, basketball; Calvin Trussell, nature; James McCarthy, swimming; Bill Shelton, hiking; Bob Willis, hiking; Terry Dowell, plon-

ering; John Patterson, nature and swimming; Robert Eberman, canoeing; Terry Seneman, life-saving and canoeing; Mike Roepenack, canoeing; life-saving, public speaking and camping.

Sweltering in the summer heat, members of the Northern Illinois Conservation Club kept cool at their meeting at the Channel Lake School on August 30 by making plans for the ice-fishing derby they will hold next winter. President Richard Waters, who has been taking water samples from nearby lakes for testing as to bacteria count for the Health Department, reported no evidence of significant pollution in the samples taken.

Alla and W. Bajan, summer resi-

dents of Woodcrest Subdivision for the last few years, entertained a group of their neighbors with singing, dancing and a puppet show Sunday afternoon, Sept. 4.

Mr. and Mrs. Bajan, who present their acts in both elementary and high school throughout the United States, specialize in folk songs, many of which have been incorporated into classical music. The puppet shows were original sketches amusing both adults and children.

Mr. Bajan is originally from the Ukraine, Mrs. Bajan from Persia. In the fifteen years that they have been touring the U. S., they have appeared in 49 states. They have so far missed Alaska. They left Chan-

nel Lake on Wednesday, Sept. 6, for Cleveland, the first stop on their winter tour.

We've had very little rain lately, but there's been lots of showers, brought on by a veritable epidemic of fall brides. Recipient of the latest downpour in this neighborhood was Danette Stratton Frange. The shower, hosted by Louise Gutowski and Pat Hruby, was held at the Channel Lake School on Wednesday, Aug. 30. It was a surprise shower, and with the temperature in the nineties, one of the biggest boons the guest of honor received, was the privilege of remaining comfortably in shorts.

Marge Bartley returned home Sept. 1 from a ten-day visit at the

home of her sister and brother-in-law, Mr. and Mrs. James Bain, in Dallas, Texas.

Mr. and Mrs. James Hession of Woodbine Avenue are the parents of a baby girl, Nancy Ann, born Aug. 27 in St. Therese Hospital. Nancy weighed seven pounds at birth. She has two sisters—Sue and Debby—and a brother, Jimmy, Jr.

A big crowd attended the picnic

held by the Sun-Side Association on Sept. 4. The big event of the day was the awarding of the prize, a TV set, which was awarded to Beverly Jerde.

Mr. and Mrs. Frank Hennig spent a week in Chicago recently, visiting friends and relatives. While there, they attended the Music Festival at Soldier's Field.

Yankee Doodle Found In Lake Villa Family Closet

Bringing the family tree up-to-date was an afternoon feature of a recent House-Warming Party at the home of Dr. and Mrs. Earl J. Hays, Deering Lane, Rt. 59, Lake Villa.

Those attending the dinner and supper festivities include Mr. and Mrs. Erwin C. Rinn and their son, Bob, Park Ridge; Mr. and Mrs. Douglas Rader, Northbrook; Mrs. Mrs. Eugene Goodrich and daughter, June Goodrich, Elmwood Park; Mrs. Leona Lindquist, Chicago; Mr. and Mrs. Vernon Marshall and their three children, Dean, Scott and Lynn, and the senior Mrs. Rader of Chicago.

The late Elizabeth Webb helped Mrs. Hays trace her family tree on her mother's side back to when the first William Goodrich, a direct relative, arrived in America in 1640.

A direct descendant, Stephan Goodrich, it was discovered, enlisted in the Revolutionary Army at the age of 17, where he served for seven years. He was a militia captain, records prove, under General Washington at the historically strange battle of Stonington Point, where all but 12 men were killed.

He had fought at the battles of Lexington and Bunker Hill before marching with Washington into New York. After the war, he married and settled down in Middleton, Vermont, living to the age of 94.

This lineage of "minute-men-fore-fathers" qualifies Mrs. Hays, her daughter, and all her girl cousins as eligible members of the D. A. R. In fact, one would think, they could start a chapter of their own!

Drivers should allow a car pulling a trailer plenty of room since that driver is handicapped by greater stopping distance. Motorists also should remember that it takes greater clearance ahead to pass a car and trailer than it does to pass just a car alone.

Millburn News

By Mrs. Frank Edwards

The eighteenth annual Home Sunday will be observed in Millburn Church Sunday, Sept. 10. Services will be at the usual hour at 10 a.m. All classes of the Sunday School will meet in the Masonic Temple at 10 a.m. The Rev. Glen Strang, pastor of the Presbyterian Church of Pontiac, Ill., will deliver the Home Sunday sermon. Plan to come and bring your friends. After the services a pot-luck dinner will be served. Each family is asked to bring a dish to pass. Coffee, rolls, butter and dessert and meat will be provided.

The Couples Club is sponsoring a pot-luck dinner for the benefit of the building fund Tuesday evening, Sept. 19, at 6:30 p.m. Each family is to bring a dish to pass. The public is invited.

The Devotional Study Group will meet in the church Thursday, Sept. 14, at 9 a.m. Mrs. Garrett Trout will be hostess.

Mrs. Harley Clark and son, Glen, and Mr. and Mrs. Merle Lohmeyer of Lafayette, Ind., spent Wednesday and Thursday at the home of Mr. and Mrs. Raymond Hauser at Menominee, Mich.

Mrs. Leslie Bonner and Mrs. Lyman Bonner and daughters, Nancy and Kathy, were luncheon guests of Mrs. Victor Strang of Waukegan, Wednesday.

Miss Sandra Horbach of Des Plaines was a guest at the home of Mr. and Mrs. William Paulsen Sunday.

Mr. and Mrs. Walter Fontaine and son, Danny, of Gurnee were supper guests of Mrs. Harley Clark Sunday.

Mr. and Mrs. Leslie Bonner and Mrs. Lyman Bonner and daughters spent Saturday and Sunday at the Wisconsin Dells.

Miss Dani Strattan, daughter of Mrs. David Strattan of Antioch, and Richard Prange, son of Mr. and Mrs. Herbert Prange, were united in marriage Friday, Aug. 11, in Michigan.

Mr. and Mrs. Louis Raymond of Milwaukee were callers at the home of Mr. and Mrs. Frank Hauser Wednesday evening.

A cafeteria Roast Beef dinner will be served by the members of the Ladies Aid, Thursday, Sept. 7, at 12 noon. Mrs. Garrett Trout is chairman of the dinner.

Business meeting of the Aid will be held at 1:30 in the church parlors.

Mr. and Mrs. Herbert Prange and daughter, Sharon, spent Friday evening with Mr. and Mrs. Bernard Zinkgraf of Prospect Heights.

Herbert Graham and sons, Clifford and Gary, spent the Labor Day weekend with relatives at Lampson and Spooner, Wis.

Mr. and Mrs. Glen Hertling of Chicago spent Monday afternoon at the home of Mr. and Mrs. Herbert Messner.

Mr. and Mrs. John Clem of Urbana, Ill., spent Saturday at the home of Mr. and Mrs. William Paulsen.

Miss Margaret Paulsen left Wednesday to enter Northwestern School of Nursing at the Evanston Hospital.

Millburn Order of the Eastern Star will have a "Swiss Steak Dinner" Saturday evening, Sept. 16. Serving from 5 to 8 p.m. at the Masonic Temple, Millburn.

ALL ABOUT BABIES

A Public Service of the National Baby Care Council

WATCH THOSE TOYS
By Thomas F. Lambert, Jr.
Editor-in-Chief, Law Journal
Nat'l Assn. of Claimants' Counsel of America

The purchase of toys for babies and young children should be done with great care and consideration. For the past few years our organization has sponsored within our membership a unique committee called the Products Liability Exchange, whose purpose it is to gather and exchange information concerning products which have been known to cause accidents.

With the assistance of the 10,000 attorneys who are members of our Association and who have handled thousands of liability cases in the courts, the Products Liability Exchange has developed the following pointers parents should follow when purchasing toys for babies and young children:

1. All edges should be smooth.
2. There should be no pointed or projecting parts.
3. Toys should be large enough so they cannot be easily chewed or swallowed.
4. All toys should be coated with a non-toxic paint.
5. Consider the construction and materials. Will baby or a young child be able to easily break, crush or rip the toy into pieces that may be potentially harmful?
6. Consider the age of the baby or the young child. Is he old enough to handle the toy safely?
7. Toys that contain spring mechanisms are for the older child.
8. Spark-producing toys are for the older child. Sparks should be weak enough not to cause harm or fire.
9. Wrappings including plastic bags should be removed before the toy is given to baby or the child.
10. Before buying, inspect the toy carefully and read any instructions, directions or warnings that may be printed on the package.

Accidents do not just happen. Sometimes a manufacturer has overlooked a potentially harmful element in a toy. It is therefore the duty of every parent to report any accident involving toys to the manufacturer so that measures may be taken to prevent any recurrence.

Sometimes accidents are caused by a toy poorly selected for the baby or the young child to whom it is given. Properly selected safe toys can be more than playthings. They can offer the baby and the young child the opportunity to exercise his developing senses and help him explore the world further.

The complaint of constipation in infants seems to mean different things to different parents. To some it means long intervals between baby's bowel movements. To others it means a particular type of stool.

Actually, a baby should be considered to be constipated only when he has hard and dry stools that are passed with difficulty. The number of movements a day is not important, even if it's only one every 24 hours. Some babies with one or two movements a week are not constipated.

The cause of constipation in infants is their diet. It may result from underfeeding or too little roughage. It occurs when solid foods are withheld or strained foods continue too long. In the bottle fed baby it may be due to an unbalanced diet; too high in protein and fat, too low in carbohydrate. Regulating the diet will correct almost all cases of constipation in the infant. It is just as important in the young child, though at this age, it is complicated by poor bowel training. The parent of a constipated infant or child should seek the advice of the family pediatrician or physician. If regulation of the diet is indicated, the physician usually will recommend any of a number of corrective procedures and roughly in the following sequence:

1. Increase the quantity of food if it is inadequate. Mild constipation is often the first indication of a grossly inadequate diet.
2. Increase the carbohydrate if the volume of food is adequate or if making it adequate does not correct the constipation. Excessive

amounts of carbohydrate, however, may aggravate constipation.

3. Change to slowly absorbed carbohydrate such as malt and dextrins. A valuable product in treating constipation throughout infancy and childhood is a malt soup extract available as a syrup or powder which can be added to the formula or other food.

4. Reduce the fat. Reducing fat by using skimmed milk or a skimmed milk powder has the further advantage of increasing the appetite and thereby increasing the bulk of the diet.

5. Add prune juice, a time-honored method known to all mothers.

6. Increase bulky foods, such as fruits, leafy vegetables and bran. Since lack of appetite is often a part of the picture, this is not always easy.

Oatmeal, leafy vegetables, prunes and honey usually are thought of as laxative foods. But there are many individual variations in how children will respond to these foods. Many mothers learn the individual response of their child by trial and error. Most infants can be shifted from formula to whole milk without disturbance.

TIMELY TOPICS

Hartford Liability Insurance covered the first historic UNITED NATIONS meeting at San Francisco in 1945.

Preparations for the meeting were so thorough that elevators were entirely dismantled and inspected, electrical facilities were checked, lighting carefully adjusted to eliminate possible accident-causing shadows, and chauffeurs were specially trained!

As Hartford Agents, thoroughness is a hallmark of our service—whether analyzing your personal insurance needs or studying your business operations for possible loss exposures.

Lake Villa News

By Mrs. Fred Bartlett
Lake Villa, Ill. 6-4375

LAKE VILLA—Ron Mack, son of Mr. and Mrs. Joseph Mack, will leave September 8, 1961, for Gunnison, Colo., to resume attendance at Western State College as a Junior.

The "Holiday Alert" Safety Campaign was conducted in the Lake Villa area and Linden Plaza by the Lake Villa VFW Post. Members distributed Safety Flags at places of business and private cars.

The flags were given free. The VFW requests removal and saving of flags at the close of the holiday.

The Millburn Order of the Eastern Star is having a "Swiss Steak Dinner" on Sept. 16, serving from 5

p.m. till 8 p.m. at the Masonic Temple at Millburn. Mrs. Vera Zimmerman is the chairman.

The Lake Villa Board meeting will be held Monday, Sept. 11, starting at 8 p.m. at the Village Hall.

Mr. and Mrs. Lester Hamlin drove to Columbus, Ohio, over the weekend with their daughter, Marilyn, who will enter Our Lady of Bethlehem Academy for the second year.

Mr. and Mrs. Clifford Bartlett and Mr. and Mrs. Fred Bartlett, Sr., attended the fair at Elkhorn, Wis., Friday.

Mr. and Mrs. Ed Jackley and daughter Cynthia spent the weekend with relatives at Burlington, Wis.

Mrs. Tena Gerber and Arlene Letting spent Labor Day at the home of Mr. and Mrs. Albert Healey, Sr., of East Troy, Wis.

The next meeting of the Royal Neighbors of Lake Villa will be held Tuesday, Sept. 12, at the B. J.

Hooper school on Sand Lake and Beck Roads, starting at 7:30 p.m.

Mr. and Mrs. Joseph Botts and son, Danny, visited the home of Mr. and Mrs. Warren Gilmore in Wisconsin.

Mr. and Mrs. Lloyd Duffy of Dixon, Ill., were dinner guests on Labor Day at the home of Mr. and Mrs. Clarence Blumenschein, observing the birthday of Mrs. Duffy. Others attending were Mr. and Mrs. Jacob Fish and Mrs. Ann Nelson.

Mr. and Mrs. William Simonsen and son, Jeffery, recently visited at the home of Mr. and Mrs. Robert Rossmiller and family of Burlington, Wis.

Mrs. Stanley Hollis of Waukegan was a visitor Tuesday at the home of Mr. and Mrs. Fred Bartlett, Jr.

Mr. and Mrs. Clifford McCarthy and family spent the weekend visiting relatives at Galena, Ill.

Mr. and Mrs. Russell Nickerson and sons are spending the weekend with relatives at Galena, Ill.

Oscar Pille, stationed at Fort Bragg, N. C., is spending leave with his parents, Mr. and Mrs. Molder. Sunday he was a dinner guest at the home of Mr. and Mrs. Henry Jarvis.

Mr. and Mrs. Robert Kammein are spending a few days with relatives at Racine, Wis.

Mr. and Mrs. Henry Jarvis and family and Oscar Pille will visit at the home of Mr. and Mrs. Louis Williams of Bristol, Wis. Mrs. Williams' friends will be glad to hear that she is on the road to recovery.

Mr. and Mrs. Frank Shea and family of Lindenhurst, Mr. and Mrs. Lloyd Coulman and family of Wauconda, and Mrs. Elmore Brindize of Lake Villa enjoyed a picnic at Lehmann Park, Lake Villa, in observance of the birthday of Mr. and

Mrs. Wayne Sword's son, who was one year old. The Swords are also from Wauconda.

JUST FOR FUN
Middle age is that time of life when you don't care where your wife goes, just so you don't have to go along.

According to a survey published in the American Druggist, the prices most frequently charged for prescriptions in a late period were \$1.25, \$1.50, and \$2.00. Prescriptions costing \$10 or more made up only 1.5 per cent of the total.

Top Anglers Compete in Channel Lake Tournament

A 9-day tournament to determine Illinois' 1961 sports angler and pick a qualifier, with all expenses paid, for the World Series Fresh Water Sports Fishing contest, will be held Sept. 10-17 at Channel Lake and Lake Catherine.

Barney Shunneson, operator of the Channel Lake Boat House and veteran Chain O' Lakes resort, is in charge of the contest.

The World Series of Fishing contest is scheduled for the Grand Lake O' The Cherokees at Grove, Okla., Oct. 23 through Oct. 28.

All Illinois' resident anglers, 16 years or older, who possess valid Illinois fishing licenses, are eligible for the 8-day state eliminations, according to Shunneson.

Two winners each day of the eliminations will make up a field of 16 finalists. They will return to engage in the Illinois "fish-off" on Sunday, Sept. 24, to pick the state titleholder and name the World Series Fishing qualifier.

There are no entry fees, according to Shunneson. Contestants can fish throughout the eight days of eliminations, if they so desire, but become ineligible for further angling once they qualify for the finals.

All fishing must be done from boats and with artificial baits, or lures. Because Illinois permits trolling with a motor, this method also will be allowed during the contest. Others may cast or "jig."

Contestants must register each day during the eliminations at Channel Lake Boat House with

News of Lakes ports

Shunneson prior to their going out on the contest waters. Registrations will be accepted each day from 6 a.m. on, and anglers can come out any time during the day to try their luck. Fishing during the eliminations will end each day at 8:30 p.m., to permit all participants sufficient time to return to Channel Lake Boat House to register and weigh their catch. No fish will be registered after 7 p.m.

Only northern pike and black bass caught with hook and line will be counted for contest points. Illinois fishing rules will apply during the competition. This means northern pike, to be counted, must be at least 20 inches (minimum legal size) in length, and only five, the daily limit, may be taken. Any size black bass is legal, but only 10, the daily limit, will be counted.

Each fish, according to Shunneson, will be worth 10 points, while 5 points will be awarded for each pound of fish.

The two anglers with the most points at the end of each elimination day will be declared winners and finalists for Sept. 24.

Fishing tackle will be offered as

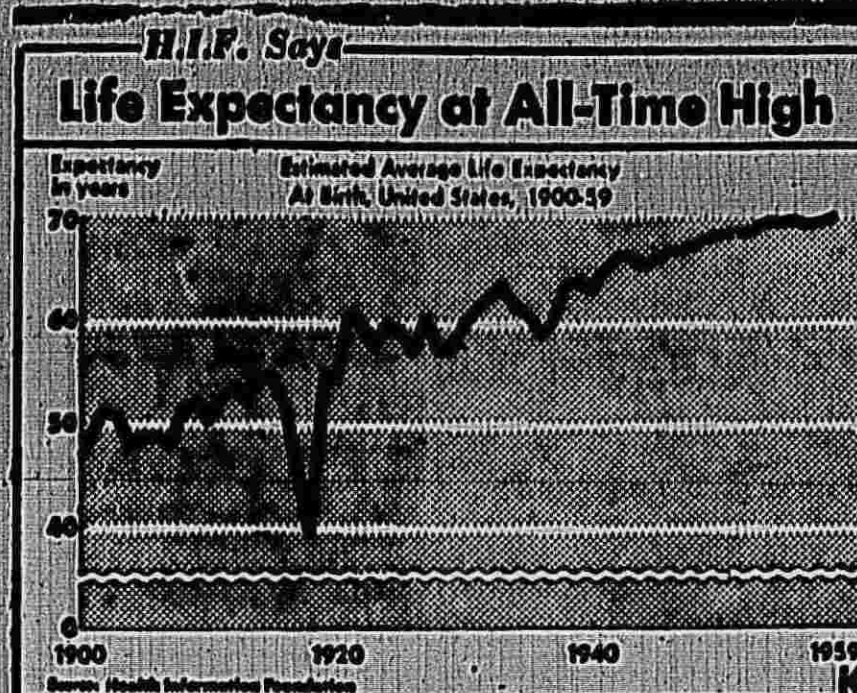

prizes to the daily winners and to those finishing high up in the finals.

In addition, the Illinois champion will receive a handsome trophy donated by Mr. Shunneson. Transportation expenses to and from Grove, Okla., also will be provided for the state's qualifier by Mr. Shunneson. The qualifier also will receive a "wallet of green" and a plaque from Tom Durant, producer of the Chicago Sportsmen's and Vacation Show to be held next Feb. 9-18 in the Chicago International Amphitheatre.

The transportation money, plaque and "wallet of green" has been earmarked for the qualifier only, providing he attends the World Series of Fishing.

If the champion can't make the trip to Grove, then the tournament committee has reserved the right to select a "qualifier" from the other 15 finalists in their order of finish.

Once a qualifier reaches the World Series Fishing site, room and board, boat and motors will be provided by the co-sponsors, the city of Grove and the Grand Lake Association. All the qualifier has to bring is his fishing tackle.

The average American baby born in 1959 had a life expectancy at that time of 69.7 years—the highest ever recorded for the total population of infants, Health Information Foundation reports.

By contrast, as the chart illustrates, a baby born in 1900 could expect to live only 47.3 years.

Although both males and females have benefited from increasing life expectancy in this century, the Foundation adds, greater gains have been made by females. Thus, while life expectancy for males rose from 46.3 years in 1900 to 66.4 in 1959 (a gain of 20.1 years), the comparable rise for females was from 48.3 to 72.7 (a gain of 24.4 years).

The Foundation singles out a number of social consequences arising from the trend toward longer life, notably a record growth in the number of aged persons in this country, an increase in the working lifetime of the average person, a decline in the number of orphans, and a general postponing of widowhood to the later years.

According to George Bugbee, Foundation President, the increase in life expectancy is "one of the most fundamental changes to affect our country in this century." The improvement has been largely due to a "dynamic growth" in medical knowledge, particularly in the last two decades. To illustrate the effect of medical progress on improved life expectancy, Mr. Bugbee refers to "the infective and parasitic diseases, which once decimated those at the younger ages, but which have now been largely controlled. This class of diseases, which caused about 18 per cent of the deaths in 1900, today causes just over 1 per cent."

MIDWEST OUTDOORS

Boating and fishing are still among the safest sports you and your family can enjoy this summer, and fall, providing you keep your eyes open and mind a few simple safety precautions.

On Federal waters (such as the Mississippi and Lake Michigan) you must carry a life-saving device for every person on board. Either a life vest or buoyant cushion with handles will satisfy this requirement. Even where they're not required, you'll feel a lot better if you've got one of these along for each of your guests.

Also, if there are enclosed spaces (such as a deck forward) on your boat, you must carry a fire extinguisher and a whistle, together with a rudimentary knowledge of whistle signals.

A few other simple devices will make you jump for joy at having them along, if you ever run into the slightest hitch in your well-laid plans for an outing on the water. These include a compass, bilge pump, paddle, tool kit, first aid kit, gasoline can, flashlight, and an anchor.

If this is your first season for water skiing—as it is for many boatmen this year—you can get a lot more fun out of this exhilarating sport by taking a few tips from an internationally-known showman, Tommy Bartlett.

Earliest shows have thrilled millions at water shows throughout the nation, shows you how easy it is to water ski the right way, in a booklet that's available free at all Mercury motor dealers.

Cobalt Adequate in Livestock Rations

Research at the University of Illinois Dixon Springs Experiment Station shows that the fields, forages and pastures are adequate in cobalt, a trace mineral needed in very small amounts.

Special cobalt bullets were placed in the stomachs of cattle and sheep last summer. These are very slowly soluble. Research workers report that in no instance did the treatment increase gains or performance over those of the untreated control animals.

Gov. Cup Regatta Heads Pick Boat Club Officers

Election of officers and the forthcoming Governor's Cup Regatta were the main topics at the September meeting of the Chain O' Lakes Boat Club held Saturday evening at the Mineola Hotel on Fox Lake.

The 1962 officers elected were: Ed Sullivan of Johnsbury, Commodore; George Smith of Niles, Vice-Commodore; Grover Brown of Broadview, Secretary; Royce Simmons of Villa Park, Treasurer; Rudy Trebles of Glenview, Les Brown of Oak

Lawn, Bob Karner of Franklin Park, Bob Flood of Skokie, and Ed Zender, Jr., of McHenry, as Directors.

The Governor's Cup Regatta will be the next racing event at Fox Lake on Sept. 16 and 17. Gov. Otto Kerner is expected to present the Illinois Governor's Cup on Sunday, the 17th. Boats from as far away as California are expected to compete for this handsome trophy. Inboard as well as outboard classes are scheduled for the two day racing event to be the highlight of the

area's racing season.

Many members are making plans to race next weekend in Kaukauna, Wis., on the Fox River. This two day event on Sept. 9 and 10 is the Kaukauna Boat Club's Fall Regatta and Great Lakes Outboard Divisional to be held at Egan's Yacht Club. The E racing runabouts, SK racing runabouts, 135 Hydros and family runabouts will be racing along with many outboard classes. Kilo straightaway time trials will also be held.

The Punt, Pass and Kick Program, allowing junior grid hopefuls to be judged on their ability to pass, punt, and place-kick is scheduled here, Oct. 14. Prizes of football uniforms, warm-up jackets, and footballs will be awarded.

Lorenzen Wins Waukegan Races With 41.76 mph

In Waukegan, Monday, Sept. 4, the sportsmen put on their scheduled Monday night show, as the regular Sunday evening program of Modified stock racing was washed out by rain.

Milwaukeean Earl Lorenzen captured top honors in winning the 25 lap championship for the stock cars. Lorenzen outlasted the field of 16 starters to come home the winner at an average speed of 41.76 mph. Only five of the starters were still running at the finish, the rest were victims of the countless number of

Boating Courses Offered

Guests present at the Saturday meeting included Commander Tom Gockles of the Waukegan Power Squadron. Mr. Gockles and fellow members of the Squadron were on hand to acquaint members with the boating courses offered this fall by the Power Squadron.

Bill Schroeder, editor of Lakeland Publishers, was also present to announce that his newspapers will offer a traveling trophy to the Boat Club.

Swede Stromstedt of McHenry, a well known member of the boat club, gave members a short talk on his recent trip to San Diego, Cal., for the inboard national championships held August 26 and 27. Swede returned with a third place trophy for driving Ed Sullivan's 135 hydroplane in very tough competition.

It was decided by members that the installation banquet will be held at the Wing and Fin Lodge on Sullivan Lake sometime in November.

RA "500" Pulls Big Name Drivers

smashups witnessed by the turnout of over 1800 fans in all events.

Lorenzen took the lead on the 20th lap from South Milwaukee's Fred Pliszka, after chasing him from the 12th lap on. Pliszka continued on to place fourth behind Billy Dean of Zion and Earl Rumppe of Kenosha. Dennis Burgen, Zion, finished fifth.

A first lap accident stopped the event when Ralph Reeves, of Fox River Grove spun out on the backstretch, causing an entanglement of cars. In a feature event, all cars must complete the first turn before the race is officially under way.

Glen Eichmann, Lake Zurich, averaged 37.12 mph in coping the 12 lap semi-feature which saw 13 of the 24 starters finish. Ray Foucault, Milwaukee, was second and Bill Baumgarten, another Milwaukeean, placed third.

Heat winners included Butch Anderson, Waukegan, in the first (37.39 mph), Cliff Evans, Waukegan, in the second (38.07 mph), Sonny Miller, Gurnee (41.40 mph), the third and Earl Rumppe, Kenosha, (42.49 mph), the fourth. The heats were contested at eight laps. Fast qualifier for the night was West Allis ace, Roger Regeth who turned a speed of 43.84 mph. Regeth was involved in one of the accidents in the feature which sent him into the concrete and wiped the front end of the machine out.

A special attraction for the fans was the appearance of six of the fast modified cars that put on an eight lap heat. Bay Darnell of Deerfield took the top honors in that division, overshadowing Waukegan's Ed Irving for the win. Darnell's average speed was 49.93 mph. No drivers were injured.

Next Sunday, Sept. 10, the speedway will attempt to stage its seventh program of the season for the modified and amateur, sportsmen type stock cars. Heading the field will be West Allis drivers Bill Strom and Ted Rozinski who rank, one-two in the season point standings. Strom now has a 10 point edge on Rozinski in the race for the track championship with totals of 270 and 260 points each. Other top contenders include Jack Frost, Zion, John Reimer, Caledonia, and Greg Krieger, Milwaukee.

Time trials will begin at 7:15 with racing getting under way at 8:30 p.m. The Speedway is located on West Washington St., just west of Waukegan, between U.S. 41 and Ill. 131.

ELKHART LAKE, Wis.—A sizable array of "name" drivers will be competing at Road America this Sunday, Sept. 10, for the fifth running of the RA "500." The "500" follows six Saturday races beginning at noon.

Leading the group of internationalists will be Briggs Cunningham. With applications for seven different car entries, Cunningham will undoubtedly bring a varied stable of hot modifieds, smaller models and a Formula Junior. These machines will be tuned by Al Momo and driven by some of the finest road-racing men in the country, headed by veteran Walt Hansgen.

The first batch of entries received has been, as customary, concentrated on the Saturday race. This is due to the unusually large field of competition in these classes which puts an exceptional pressure on the starting list. The drivers do not delay in getting their entries accepted in time. Already some nationally recognized drivers are in.

They include: Al Weaver, Alfa (G-production), the top national point leader in his class; Howard Hayes and Ed Hugus, Isis Formula Junior; E. L. Hall, RS-60 Porsche; Allan Kovar, Lotus-Alfa and Jack Stone in an Elva Courier.

Two unique husband-and-wife teams are also included in the first array: the M. R. J. Wyllies, "Doc" and Peggy, in their British-racing-green Lola, and Chuck and Suzy Dietrich in two different machines, an Elva Formula Junior and a Porsche.

Stock Car Races Complete Profitable Wilmot Season

The powerful modified stock cars along with the Sportsman's class stock cars will be competing in the 1961 season's finals at the Kenosha County Fairgrounds Speedway in Wilmot, Wis., Saturday night, Sept. 9.

The highlight of the 10 event program will be a 100 lap championship feature for the modified stock cars in the first 100 lap feature to be run since 1955 at which time Rusty Kaye of Burlington, Wis., established the only record on file

for this lengthy feature. A field of 50 modified stock cars and at least 50 of the sportsman's class is expected to be on hand for this big last night of racing.

The time trials for qualifying will start at 7 p.m. with the first of the 10 lap heat races getting the green flag at 8:30 p.m. Jim Smith, Speedway promoter, has announced that there will be more additional free parking space adjacent to the parking area.

Smith also announced that the

date of the drivers' dance and awards night will take place Saturday night, Sept. 30, at the Wonder Bar Ballroom in Twin Lakes, Wis. Free admission to drivers, owners, crews and family.

The 1961 season at the Kenosha County Fairgrounds Speedway has been the most profitable on record in amount of money being paid to the drivers, although rain-outs affected the promoters' returns, as Smith's expenses continued regardless.
